WORL HIPPING NEWS FROM AL

SHIP BOARD FLEET

Washington, March 2.— Joseph W.
Powell, who will retire as president of the Emergency Fleet Corporation of the Emergency Fleet Corporation of the Shipping Board to-morrow, announced to-night that for the first time in the history of the Shipping Board tie ship operating expenses for February were less than the operating revenues. Since last July, when he assumed office, he added, the Shipping Board has disposed of \$20,370,000 worth of property.

February figures for ship operation, Mr. Powell said, showed that approximately \$6,500,000 was taken in by the managing operators on Shipping Board accounts and that the expenditures were \$3,600,000.

Reviewing the fiscal affairs of the Tuesday, March 7.

TUESDAY, MARCH 7.

February figures for ship operation, Mr. Powell said, showed that approximately \$6,500,000 was taken in by the managing operators on Shipping Board accounts and that the expenditures were \$6,600,000.

Reviewing the fiscal affairs of the Fleet Corporation since last July, he said that voyage expenses, classified as losses, were: July, \$1,896,000; December, \$1,249,000, and January, \$934,000.

December and January were \$4,137,000 and \$3,445,000, respectively.

Since July the personnel of the Emergency Fleet has been reduced 2,302 and the payroll \$5,290,000. In July there were \$36 ships laid up as against 1,275 to-day.

Figures for the liquidation of property.

Figures for the liquidation of property.

were 936 ships laid up as against 1,278 to-day.

Figures for the liquidation of property show that since October \$5,000,000 worth of ships, \$6,073,000 worth of houses and \$5,000,000 of surplus materials have been sold. In addition, \$4,300,000 worth of securities and mortgages have been disposed of.

Although Mr. Powell will sever his connection with the Shipping Board tomorrow, he has agreed, at Chairman Lasker's request, to make a survey of former enemy passenger vessels, numbering about thirty, to determine whether any are worth reconditioning. The principal ones are the Agamemnon, the Mount Vernon, the Martha Washington and the De Kalb.

President Harding received Mr. Powell at the White House to-day and thanked him for his services.

RIVERS AND HARRORS

CONGRESS PLANS DRIVE Demand Made for Full Im-

provement Appropriation.

Washington, March 2.—A "demand" was made on Congress in a resolution adopted to-day at the closing session of the National Rivers and Harbors Congress that it approve at this session not less than the amount of money recommended by the chief of army engineers as necessary for improvements of national rivers and harbors. President John H. Small of Washington, N. C., who was reelected by unanimous vote, called attention to the fact that this is an election year and suggested that this is an election year and suggested that they go to their Representatives in Congress and demand adequate support for the rivers and harbors improvement needed. Major-Gen, Beach, chief of army engineers, in an address said that in his opinion "you cannot get a better argument for the waterways than the attitude of the railroads toward them."

"They won't prorate." he said. "They wen't issue bills of lading. It seems to me to be one of the principles of modern business to put a competitor out of the running before the consumer comes into consideration."

The congress came to an end with the election of directors for the various

ton, where the annual convention of the National Merchant Marine Association is to be held to-day and to-morrow. The opening address will be made at the Washington Hotel by Senator Joseph E. Ransdell of Louisiana, president of the association. Other speakers will be Chairman A. D. Lasker of the Shipping Board, W. Averill Harriman, chairman of the American Ship and Commerce Corporation; Stevenson Taylor, president of the American Bureau of Shipping; Representative Frank D. Scott of Michigan, Senator Wesley L. Jones of Washington and Malcom Stewart, chairman of the Middle West Merchant Marine Committee.

At the sessions Saturday the speakers will include H. H. Raymond, president of the American Steamship Owners Association; Charles H. Potter, president of the United States Ship Operators Association; Senator Duncan U. Fietcher of Florida, Commissioner George E. Chamberlain of the Shipping Board and Edward A. Filene, Boston merchant.

President Harding is expected to receive the members of the association either to-day or to-morrow at the White House.

NEW BILL OF LADING CHANGES BEFORE I. C. C.

Ship Board Suggestions to Be Considered To-morrow.

The Interstate Commerce Commission will hold a meeting to-morrow to consider the changes suggested by the Shipping Board in the proposed uniform through export bill of lading which has been ordered in effect March 15. Several of the commissioners will hear arguments for and against the changes, which would make the bill the same in essential particulars as the Shipping Board's port bill of lading.

By order of the commission, the hearing will be limited "to the reasonableness and propriety of the suggested provisions for inclusion in Part II, of said uniform through export bill of lading." An important change suggested by the Shipping Board would raise tife carrier's liability in defective shipments from \$100 to \$250.

JOINT HEARINGS ON SUBSIDY.

Washington, March 2.—The administration ship subsidy bill was taken up to-day by the Senate Commerce and Bonse Merchant Marine committees and arrangements made to hold Joint hearings to save time and avoid duplication

ings to save time and avoid duplication of effort.

No date for the hearings was set, and the economic advisability of a sub-idy, Chairman Jones of the Senate committee said, would not be a subject for hearings, as that is a question which the committee members and Congress, he said, would have to determine for hemselves.

CLOSING OF MAILS

VANDYCK (Br), at Buenos Aires 28th.

PASSENGER STEAMERS SAILED.

Salled Feb 28, str Olen, Havre, &c.

The corrected reading of the barometer freduced to sea level; at New York on Thursday, March 2, 1922, at 8 AM, as reported by the United States Weather Bureau, was thirty and six hundredths (30,06) inches. This closely approximates seven hundred and ixty-three and five-tenths (760.5) millimeters. Captains of all vessels now lying in r near the ports of New York and Brooklyn an advantageously use the above official lata for observing whether their own arometers require any considerable correction or adductment. York. POTOMAC, from Bremen 1st for New York.

POTOMAC, from Bremen 1st for New York.
